

The screenshot displays the 'Catasto ortofoto' web application. The main interface features a map of an urban area with cadastral parcels outlined in pink. A search bar at the top center contains the number '1768'. On the left, a window titled 'Interrogazione urbanistica' (Urban Planning Query) is open, showing the following details:

- Ente da interrogare: Provincia di Foggia
- Modello da utilizzare: InformativaWeb
- Radio buttons for 'Vigente' (selected) and 'In salvaguardia'.
- Option 'traccia un poligono sulla mappa' (trace a polygon on the map).
- Option 'inserisci gli identificativi catastali' (insert cadastral identifiers).
- Location: Cerignola
- Identifiers: C514, 202, 1768
- Input fields for 'Sezione' (containing '202') and '1768'.
- Buttons: 'Indietro', 'Avanti', 'Annulla'.

On the right, a 'Risultati dell'interrogazione' (Query Results) window shows a list of results:

- 1768
- Particelle terreni

The map includes a scale bar (0, 10, 20m) at the bottom left and a zoom level of 100% at the bottom right. The text 'Powered by Globosoft' and 'DigitalGlobe, Microso' are visible at the bottom of the map area.
